❖ DISCLAIMER

- ✓ The information contained in this tender document or / and any information pertaining to the aforesaid subject matter provided subsequently to the applicants / bidders in any form by AIESL, shall be subject to the terms and conditions to which such information is provided contained herein and any other terms and conditions as may be prescribed by AIESL, prior to award of the Tender.
- ✓ The purpose of this tender document is to provide all bidders with the information that may be useful to them in the formulation of their proposals / bids in response to this tender document. The statements and facts contained herein, which reflect various assumptions and assessments arrived at by AIESL, do not purport to contain all / exhaustive information on the aforesaid subject matter that each applicant may require for the purposes of submitting their bids.
- ✓ The assumptions, assessments, statements and information contained in this tender document may not be complete, accurate, adequate or correct. Each bidder should, therefore, conduct its own due diligence, investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, and information contained in this tender document and shall obtain independent advice from appropriate sources at no cost to AIESL.
- ✓ The information provided in this tender document to the applicants is on a wide range of matters, some of which depend upon interpretation of law. The information given is not an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. AIESL accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on the law expressed herein.
- ✓ AIESL also accepts no liability of any nature whether resulting from negligence or otherwise, however caused arising from reliance by any applicant/bidder upon the statements contained in this tender.
- ✓ AIESL may in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information, assessment or assumption contained in this tender document, from time to time till close date of tender.
- ✓ The tender document does not imply that AIESL is bound to select a bidder or to appoint the selected bidder, as the case may be, and AIESL, reserves the right to reject all or any of the proposals without assigning any reason whatsoever at any time. The bidder shall bear any and all its costs associated with or relating to the preparation & submission of its proposal / bids including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by AIESL or any other costs incurred in connection with or relating to its proposals. All such costs and expenses shall remain with the bidder and AIESL shall not be liable in any manner whatsoever for the same or any other costs or other expenses incurred by the

**Tender No.: AIESL/BOM/MMD/EFD/PFD/01-05/178****DATE: 18.08.2025**

bidder in preparation for submission of the proposal, regardless of the conduct or outcome of the bid selection process as contained herein.

- ✓ The bidder shall bear all its costs associated with or relating to the preparation & submission of its bids including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by AIESL, or any other costs incurred in connection with or relating to in bids. All such costs and expenses shall remain with the bidder and AIESL shall not be liable in any manner whatsoever for the same or any other costs or other expenses incurred by the bidder in preparation for submission of the bid, regardless of the conduct or outcome of the bid selection process as contained herein.

❖ **General Terms and Conditions**

- ✓ 'AIESL' as used in the Tender document means 'AI Engineering Services Limited'.
- ✓ "Contract" means the agreement entered into between the Purchase and the Contractor, as recorded in the contract form signed by the parties including all annexure thereto and appendices therein.
- ✓ "Tenderer" or Seller" or "Bidder" means as used in the Tender document, is one who has submitted the quotation in response to our tender document. It also means the individual or firm or company, who are manufacturers and suppliers, on whom the order for work is placed and shall be deemed to include their approved successors, heirs, executors and administrators, holding company/Group/Group Companies, Conglomerate as the case may be.
- ✓ It is further clarified that any individual signing the tender or other documents in connection with the tender must certify whether he signs as:
 - i) A "Sole Proprietor" of the firm or constituted attorney of such sole proprietor.
 - ii) A partner of the firm if it is a partnership must have authority to refer to arbitration and disputes concerning the business of the partnership either by virtue of the partnership agreement or a power of attorney. In the alternative, the tender should be signed by all the Partners.
 - iii) Constituted attorney of the firm, if it is a Company.
 - iv) Authorized signatory of the firm.
- ✓ **ONE BID PER BIDDER:**

A Bidder shall submit only 'one [01] Bid' in the same Bidding Process either as single entity. A Bidder who submits or participates in more than 'one [01] Bid' will cause all the proposals in which the Bidder has participated to be disqualified.
- ✓ A bidder shall not have conflict of interest with other bidders. Such conflict of interest can lead to anti-competitive practices. The bidder found to have a conflict of interest shall be disqualified. A bidder shall be considered to have a conflict of interest with one or more bidders in this bidding process, if:
 - a) they have controlling partner (s) in common; or
 - b) they receive or have received any direct or indirect subsidy/ financial stake from any of them; or
 - c) they have the same legal representative/authorized signatory/agent for purposes of this bid; or
 - d) they have relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the bid of another Bidder; or
 - e) Bidder participates in more than one bid in bidding process. Participation by a Bidder in more than one Bid will result in the disqualification of all bids in which the parties are involved. However, this does not limit the inclusion of the components/ sub-assembly/ Assemblies from one bidding manufacturer in more than one bid.

**Tender No.: AIESL/BOM/MMD/EFD/PFD/01-05/178****DATE: 18.08.2025**

- f) a Bidder or any of its affiliates participated as a consultant in the preparation of the design or technical specifications of the contract that is the subject of the Bid;
- g) In case of a holding company having more than one independently manufacturing units, or more than one unit having common business ownership/management, only one unit should quote. Similar restrictions would apply to closely related sister companies. Bidders must proactively declare such sister/ common business/ management units in same/ similar line of business. Bidders are required to submit a confirmation for no conflict of interest with other bidders. Failure to comply this clause during tendering process will disqualify all such bidders from process of evaluation of bids.

- ✓ Alternative Bids shall not be considered.
- ✓ Bidders are required to provide complete details of all Directors/Partners/Proprietors etc. including Father's name, Residential address, AADHAR, PAN Card details. & DIN Nos. and corresponding documents.

In case of Partnership / LLP: Bidder must submit copy of Partnership /LLP Deed.

In case of Public / Limited Company: Bidder must submit copy of Share Holding details of all shareholders.

- ✓ It is the responsibility of the participating Bidder(s) to assess the relationship as mentioned above. In case any undertaking/declaration given by a Bidder(s) in this regard is found to be false, this would be a sufficient ground for rejection of Bid(s) /termination of contract and also initiation of further action as per Corrupt/Fraudulent/ Collusive / Coercive Practice.

❖ **Standard Terms & Conditions:**

- ✓ AIESL reserves the right to close the tender / reject any / all offers at any stage of tender at its sole discretion.
- ✓ AIESL reserves the right not to consider the bid of any Bidder, blacklist the Bidder for 3 (three) years, if it is determined / noticed at any stage during the tendering process or after release of Contract that the said Bidder has directly or indirectly engaged in any misrepresentation, corrupt, fraudulent, collusive, coercive practice in order to bid / obtain the Contract. This will also have an impact on other Contracts / POs, the Bidder may have with AIESL where AIESL reserves the right to take appropriate action as deemed fit.
- ✓ AIESL reserves the right to reject / not consider at its sole discretion the bids of such bidders who have been involved in any litigation with AIESL in the last 3 years and / or are at present involved in any ongoing litigation or arbitration proceedings against AIESL. Further, those bidders who have records of poor performance during the last 3 (three) years, as on the date of submission of the bid, such as abandoning the work, rescinding of the contract for which the reasons are attributable to the non-performance of the Bidder or its constituents, inordinate delays in completion and/or have a consistent history of litigation / arbitration awarded against the Bidder or any of its constituents or financial failure due to bankruptcy etc. are liable to be disqualified.
- ✓ AIESL reserves the right to reject / not consider at its sole discretion the bids of such bidders have been blacklisted / debarred by any PSU, government bodies in India.
- ✓ Bidders are required to declare if they have any ongoing legal disputes with any government agencies such as Income Tax, EOW etc. Suppression / Misrepresentation of such facts whenever it comes to light

**Tender No.: AIESL/BOM/MMD/EFD/PFD/01-05/178****DATE: 18.08.2025**

would invite disqualification and AIESL reserves the right to take appropriate action as deemed fit including discontinuing business dealings with the party.

❖ SPECIAL CONDITIONS:

- ✓ The location of work is Hangar/Apron areas, at Old Airport. The area is highly security sensitive and contractor will be required to obtain entry pass from our Security dept.
- ✓ A qualified and responsible supervisor will always remain present at site, when the work is being carried out. He will ensure compliance of standard safety precautions and use of safety equipment.
- ✓ Equipment which are in fit to use and serviceable condition only shall be provided to AIESL. It will be the contractor's sole responsibility to attend break down of equipment, if any, during the operation.
- ✓ Safety of the contractor's personnel / equipment shall be responsibility of the contractor.

❖ TENDER PROCEDURE

- ✓ This tender is strictly a **Two Bid Tender** i.e. Technical Bid and Price Bid. **Both the bids are to be submitted through CPPP portal. No other mode of submission will be acceptable.**
- ✓ The close / due date for submission of bids may be extended at any time, including after the scheduled date of closing, at the sole discretion of AIESL.
- ✓ Amendments or extension of the close / due date, if any, to this tender will be informed via CPPP portal.
- ✓ In their own interest, bidders are advised to submit bids, well before the close date / time of tender in order to avoid any last moment glitches. AIESL may not entertain any request for extension of close date and time and reserves the right to accept or reject any such request at its sole discretion.
- ✓ The bidder or their authorized representatives (maximum two) would only be permitted to attend the pre-bid meeting, if any.

❖ For any clarification, please contact the following official.**For Technical Query:**

Mr. Sunil Shende, Dy. GM-PPMM, Email: sunil.shende@aiesl.in

❖ Submission of BIDS:**Technical Bid:**

- ✓ Bidders are advised to study carefully the Terms & Conditions as given in this tender document and submit their **technical bid** accordingly.

AI ENGINEERING SERVICES LIMITED

MATERIALS MANAGEMENT DIVISION
OLD AIRPORT, SANTACRUZ (EAST), MUMBAI – 400 029

Tender No.: AIESL/BOM/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

- ✓ Bidders are required to download all the documents. Wherever applicable the documents are to be duly filled-in with the required details. The filled-in documents along with supporting documents, if any, need to be uploaded on **CPPP portal** for technical evaluation purpose. **Uploading of required Documents is mandatory. The documents should not mention any rates / prices. else bidder will be disqualified during technical evaluation.**
- ✓ Bidders are **required to give their acceptance of the terms and conditions as per Documents.** Any deviation from the terms and conditions must be clearly spelt out in the Technical Bid.
- ✓ Any other deviation in the specifications or tender's terms and conditions must be communicated to the concerned buyer / user for acceptance of the same, prior to submission of the bid depending on the merit of the case. AIESL reserves the right to accept or reject the deviation. In case, the deviation is accepted,
- ✓ the tender document will be amended accordingly. The bidder should submit their bid in line with the tender document only or else the same would be liable for rejection.
- ✓ AIESL reserves the right to change this date of opening at its own discretion.
- ✓ **All the supporting documents, as specified in the tender documents that are required for compliance of bid must be submitted with the technical bid.**
- ✓ AIESL reserves the right to call for the original copies of the attached / submitted documents in the technical bid for verification purpose during the evaluation stage. The Technical Bids would be evaluated for compliance in accordance with the tender document. The User Department of AIESL reserves the right at its sole discretion to seek clarification for shortcomings in information/documents from the bidders as deemed necessary for the purpose of evaluation of the bids.

❖ **Price Bid:**

- ✓ Bidders are required to **quote for the entire tendered quantity.**
- ✓ AIESL will not accept inclusion of any additional costs, if requested for, after closing of the tender.
- ✓ Submission of incorrect or incomplete information or with arithmetical errors in compilation of the data would be at the bidder's sole risk. The decision of AIESL in such cases would be final and binding.

❖ **Validity of Quotation, Prices, Govt. Taxes / GST**

- ✓ The bid should be valid for a period of 120 days from the opening of the bid.
- ✓ The price offered / agreed should remain firm till completion of the contract.
- ✓ No request for increase in price shall be entertained during this period except on account of increase in GST or any other Government levy, if imposed by the Govt. of India. Proof of payment for such increase is to be submitted to AIESL by the successful Bidder.
- ✓ The Bidders should commit to pass on the benefit to AIESL of reduction in statutory taxes, etc. by the Government, during the period of validity of the Contract.
- ✓ During the contract period, if for any reason there is a downward revision in prices, the successful bidder will be responsible for passing on the benefits to AIESL.

AI ENGINEERING SERVICES LIMITED

MATERIALS MANAGEMENT DIVISION
OLD AIRPORT, SANTACRUZ (EAST), MUMBAI – 400 029

Tender No.: AIESL/BOM/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

- ✓ Increase in Govt. Taxes / GST etc. or any new levies, if imposed by the Govt. of India / State Govt. / Local Bodies, during the contract period will be borne by AIESL, if requested for, by the

Successful Bidder/s. However, such request will be considered only if it is substantiated with copies of valid documentary proof of the same and **only if the bidder/s has quoted their rate giving the break-up of Govt. Taxes / GST in their price bid.**

❖ AMENDMENTS / EXTENSIONS:

- ✓ AIESL reserves the right to, amend any part / terms and conditions of the tender / extend the due date at its sole discretion.
- ✓ Amendments and clarifications, if any, to this tender will be hosted on the CPPP Portal & NIT will be published on website of AI ENGINEERING SERVICES LIMITED. AIESL will not intimate the tenderers individually of the same. The tenderers are, therefore, advised to visit CPPP portal / AIESL website regularly till the date of closing of the tender. The last amendment, if any, will be hosted a minimum of seven days before the closing date of the tender.
- ✓ Amendments, corrigendum, if any, and any extensions of the due date of opening of the Bids, as per the requirements of AIESL, will be uploaded in CPPP Portal.

❖ REJECTION OF BIDS: The submitted Bid will be rejected on the following grounds:

- ✓ Tenders received without required information and relevant documents as per the eligibility criteria, are liable to be rejected. However, AIESL reserves the right at its sole discretion to seek whatever information, documents etc. from the bidders as it may consider necessary for the purpose of the technical evaluation.
- ✓ In case of any variation, in the documents / data declaration submitted by the Bidder in support of the Technical Bid with the original documents, the Bids of such Bidder would be out-rightly rejected and would be disqualified during Technical Bid evaluation of Tender.
- ✓ Conditional Bids are liable for rejection. Decision of AIESL in such case shall be final and binding.

❖ Benefits / Preference for Micro & Small Enterprises (MSEs): Not Applicable.

❖ Benefits / Preference for MII's: Applicable.

❖ Earnest Money Deposit (EMD)/Bid Security:

- Sellers / Service Provider having annual turnover of ₹ 500 Crore or more, at least in one of the past three completed financial year(s).
- Sellers / Service Providers holding valid BIS License for the Primary Product Category whose credentials are validated through BIS database and through uploaded supporting documents.
- Central / State PSUs.

❖ Security Deposit / Performance Bank Guarantee:

- ✓ The Bidder/s who qualifies for award of Contract will have to deposit with AIESL 10 % (Ten percent) of the total value of the Contract, as Security Deposit (SD) within 5 days of notification of notification of acceptance of bid and communication of contract. This SD will be free of interest. In case, the SD is not deposited in time, the bills shall not be processed for payment till the SD is paid.
- ✓ The Applicable Security Deposit / Performance Bank Guarantee must be submitted by means of Cheque/DD/NEFT in favour of AI ENGINEERING SERVICES LIMITED, Account No. – 00600310007523, IFSC Code – HDFC 0000060), payable at MUMBAI.
- ✓ **In addition to existing specified form (i.e. Cheque/DD/NEFT) mentioned in tender documents for submission of Security Deposit/ Performance Bank Guarantee, the successful bidder can also submit the Security Deposit/ Performance Bank Guarantee through online AIESL Payment Gateway i.e <https://forms.eduqfix.com/aiengineering/add>**
- ✓ The SD is applicable to all bidders including MSME's.
- ✓ In case of submission of Security Deposit/Performance guarantee is to be paid by way of Account Payee Demand Draft, banker's Cheque, ECS, Bank Guarantee issued from any Commercial Bank, Fixed Deposit Receipt from any Commercial Bank for an equivalent amount in favour of AI Engineering Services Limited and payable at Mumbai.

AI ENGINEERING SERVICES LIMITED

MATERIALS MANAGEMENT DIVISION
OLD AIRPORT, SANTACRUZ (EAST), MUMBAI – 400 029

Tender No.: AIESL/BOM/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

- ✓ It may please be noted that the original BG has to be forwarded by the Bank directly to AIESL through registered AD as per the detailed procedure which will be advised to the successful bidder. The expenses incurred towards submission of Security Deposit / Bank Guarantee will have to be borne by the successful bidder/s.
- ✓ In case of breach of Contract or violation of any terms of the Contract the Security Deposit shall be forfeited / bank guarantee be invoked.
- ✓ The Security Deposit / Bank Guarantee will be refunded / returned without interest within 60 days of successful completion of services against the Contract after adjusting for penalties, if any, that may be imposed under the terms of the Contract.
- ✓ Validity of the BG would be for an additional period of 60 days after the scheduled completion of all obligations under the Contract.

❖ **EVALUATION CRITERIA:**

Evaluation of the Price Bids shall be carried out on overall lowest cost to AIESL (L-1 offer) basis excluding GST. Based on the evaluation of techno-commercially qualified bidders, the contract will be awarded to the overall L-1 bidder.

✓ **Technical Bids:**

- ✓ The Technical Bids would be first evaluated for compliance. AIESL reserves the right at its sole discretion to seek whatever information, documents etc. from the bidder as it may consider necessary for the purpose of evaluation of the bids.

✓ **Price Bids:**

- ✓ The Price Bids of only those bidders who qualify as per the requirements of Technical Bid would be opened.

❖ **Inspection Clause:**

- ✓ Inspection of bidders' facilities at the time of evaluation of the Technical Bids: AIESL reserves the right to inspect at its cost the production facility / facilities of the bidders in order to assess their infrastructure and capability to produce and deliver in accordance with the work schedule as indicated in this tender. The decision of AIESL in such case shall be final and binding.
- ✓ Inspection of the facility of the bidder who has been awarded the Contract / Purchase Order: AIESL further reserves the right to inspect the work location/office facility of the bidder, who has been awarded the Contract / Purchase Order, in order to confirm consistency of quality of the items as produced for AIESL.

❖ **Other Terms & Conditions:**

✓ **Force Majeure:**

- ✓ The Bidder / Successful Bidder / AIESL (herein referred to as Party / Parties) shall not be liable for, nor be in default by reason of any failure or delay in discharge of its obligations under this Tender / Contract, where such failure or delay is caused by any act, including but not limited to any act of God,

Tender No.: AIESL/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

SCOPE & DESCRIPTION OF WORK

1. SCOPE & DESCRIPTION OF WORK IN BRIEF:

Details of Work-Places:

“AI ENGINEERING SERVICES LIMITED (AIESL), AIESL Engineering premises, OAP, Mumbai-400029.”

2. The Scope of the works includes the following:

1. Providing, installing and secure fixing of temporary sheds using 150 GSM tarpaulin material at any designated location and elevation on rental basis. These installations may be required across terraces, internal and external walls, multiple buildings, workshops, and hangars. The work shall ensure proper anchoring and weatherproofing to withstand environmental conditions such as wind and rain. All necessary materials—such as ropes, clamps, frames or supports (if required), and other accessories—shall be provided as part of the job. Installation must be carried out in a safe and compliant manner, adhering to all relevant safety standards. Though the structures are temporary, adequate care must be taken to ensure their durability and functional reliability for the intended duration. The height of the buildings is approximately 30-35 meters above ground level.

2. Removing of sheets after completion of tenure of 05 month or as on instructions received from user department.

3. Repair of existing tarpaulin sheets by replacing damaged tarpaulin sheet of approved make and quality, with a minimum specification of 150 GSM or equivalent, as approved by the Engineer-In-Charge (EIC), at various locations such as RCC water tanks, parapet walls, terraces, or any other areas as directed by the EIC, and at any elevation. This includes replacing damaged scaffolding & ropes in parts and patches or as and where required & re-aligning of bamboos.

Note: The scope of work includes providing and erecting scaffolding or providing cherry picker or other mechanical equipment as and where required and shall not be claimed extra. All the debris generated during the execution of work shall be cleared at regular interval to maintain clean working environment in the premises.

Approved makes:

- ✓ Tarpaulin shed of any make but of 150 GSM at any height and at any level.
- ✓ Scaffolding required for laying tarpaulin sheet.
- ✓ Nylone and jute ropes of approved thickness.

Tender No.: AIESL/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

The supervisor must carry a valid photo identity card issued by the contractor, which must be produced upon request by AIESL officials or security personnel. The apron/uniform shall be clean, in good condition, and worn throughout duty hours to maintain professional appearance and ensure clear identification of contract workers in the working area.

5.4 A qualified and responsible supervisor will always remain present at site, when the work is being carried out. He will ensure compliance of standard safety precautions and use of safety equipment and safety equipment to be wear by worker while working on height. It is responsibility of supervisor/Safety Officer to instruct to wear all workers to follow safety rules and use of equipment's while working. In case if it is worker not following safety precautions/ guidelines/protocols during performing the work. Supervisor should fine and report this incident to AIESL as well as contractor.

5.5 Any damage caused during the execution of work, will be made good by the contractor on his own cost, else the cost of damages will be recovered from the payment due to contractor.

5.6 AIESL will provide adequate space for keeping the contract material, but it will be contractor's responsibility to ensure its security. The contractor will maintain the site clean and remove all waste / loose / unwanted items regularly.

5.7 Additional safety conditions:

Where work is being carried out above areas where there is public access such as roads footpaths etc. particular care must be taken to ensure that no materials can fall from the working area.

Edge protection shall be provided at all leading edges or openings where workers or materials can fall more than two metres.

Contractors will submit the medical fitness certificate of all his employed workers by certified surgeon (Form 7) As per factories act. Form 7 will be provided by certified surgeon.

Contractor will submit licenses copy duly self-attested to Safety/Welfare Department for the compliance purpose before start of work.

Contractor will visit with all labours/workers with Safety Officer at Occupational Health Centre on daily basis before the start of work to check regular medical fitness by AIESL appointed doctor.

Contractor should maintain accident register, wages register and attendance register till the completion of work and should be submitted at safety department. This register should have contractors/company name and logo. These registers should be presented whenever asked by AIESL Officials on demand.

In case no accident reported during the work accident register duly signed by the contractor

and his safety officer to AIESL Safety officer for compliance purpose.

5.7.1 Appointment of Safety Officer Exclusive for height related jobs carried out factory premises:

1. Appointment of Designated Safety Officer:

In view of the high-risk nature of activities involving working at height, it is mandatory for the Contractor to appoint, at their own cost and responsibility, a **Designated Safety Officer** who shall exclusively be responsible for supervising and ensuring compliance with all safety-related requirements for work-at-height activities under the contract.

The appointed Safety Officer must be adequately qualified, possess substantial practical experience, and demonstrate complete familiarity with all applicable statutory requirements, safety regulations, and internationally accepted best practices in work-at-height safety management.

The Contractor shall, at their own cost and responsibility, appoint a Designated Safety Officer exclusively for managing and overseeing all safety-related aspects of work at height under the scope of this contract. This appointment is mandatory and shall be made prior to commencement of any such work. The appointed Safety Officer shall act as the primary point of contact for all matters concerning height-related safety and shall be responsible for ensuring full compliance with applicable safety regulations and internal protocols.

.

2. Qualification & Experience:

The Designated Safety Officer proposed by the contractor must meet the following minimum qualification and experience criteria:

- Hold a recognized Government approved certification in Occupational Health and Safety, such as Advanced Diploma in Industrial Safety (ADIS), Advanced Diploma in Occupational Safety, Health, and Environment Management, Advanced Diploma in Construction Safety, or any equivalent diploma/course recognized by statutory authorities.
- Possess a minimum of Five (5) years of proven experience in managing safety aspects related to working at height in large-scale industrial, construction, aviation, or infrastructure projects.
- Contractor/company/Bidder should be providing experience certificate of Safety Officer.
- The Designated Safety Officer should have attend First Aid/CPR training and have certificates for the same, preferably, knowledge of OSHA or ISO 45001 standards. Proficiency in English and Hindi/Marathi is required for communication. Experience in maintaining records and using safety compliance tools will be considered an added advantage.
- Safety Officer should have proficiency of local language as per the workers employed or engage for contract work.

- Have sound knowledge and practical understanding of:
 - Statutory safety regulations and legal requirements applicable in India.
 - BIS standards, including but not limited to IS 18001, IS 3521, IS 3696 Part 1 & 2, and related safety codes for scaffolding, ladders, and fall protection.
 - Best industry practices and safety protocols related to fall prevention, edge protection, harness systems, lifelines, anchorage points, scaffolding inspection, and emergency rescue planning.

3. Roles & Responsibilities of the Safety Officer:

The Safety officer in coordination with Contractor, Site Supervisor and AIESL officials shall ensure shall be entrusted with the following responsibilities, which shall be executed diligently throughout the project duration:

- Conduct daily toolbox talks, safety briefings, and pre-task risk assessments with the workforce before commencing any height-related activities.
The Contractor, Supervisor, and Safety Officer shall ensure that all workers involved in height-related work receive appropriate safety training tailored to such tasks.
- Verify and ensure proper use of Personal Protective Equipment (PPE) such as full-body harnesses, helmets, lifelines, anchorages, and fall arrest devices.
- Ensure scaffolding, ladders, work platforms, and anchorage systems are inspected regularly and certified for safe use before and during operations.
- Monitor and enforce strict compliance with permit-to-work systems, including issuance, validation, and closure of Height Work Permits.
- Maintain comprehensive documentation including:
 - Attendance of toolbox talks.
 - PPE issue and inspection logs.
 - Scaffold/lifeline inspection checklists.
 - Training records and hazard reports.
- Remain physically present on site during all work-at-height activities and other works/Jobs to supervise operations, enforce safety norms, and provide real-time guidance.
- Coordinate and liaise with AIESL's Safety Department, PFD, and the User Department to ensure seamless communication and compliance.
- Prepare and submit weekly safety performance reports, incident/near-miss records, inspection reports, and observations to the Engineer-in-Charge.
- Any **accident, incident whether fatal or not, or near-miss** that occurs during height-related work must be immediately reported to AIESL. A thorough investigation shall be conducted under the supervision of the Designated Safety Officer in coordination with the AIESL Safety Department.

4. Approval and Documentation:

- The Contractor shall submit the resume, copies of qualification certificates, and experience credentials of the proposed Safety officer to AIESL officials for approval.

Tender No.: AIESL/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

- No work at height shall commence until AIESL officials has formally approved the Safety officer's deployment in writing.
- A letter of appointment and formal agreement between the contractor and the Safety officer must be submitted to AIESL within 7 days of issuance of Letter of Intent (LoI) or work order.
- An **appointment letter** issued by the contractor to the Safety Officer, clearly outlining roles and responsibilities.
- Contractor should submit appointment letter of Supervisor and Safety officer to AIESL Safety Department.
- A **formal agreement or declaration**, signed by both the contractor and the Safety Officer, confirming exclusive deployment for the duration of the project.
- Any changes in the Safety officer 's availability, role, or employment status must be notified in writing to the Engineer-in-Charge immediately.

5. Replacement and Continuity:

- In the event the designated Safety officer resigns, becomes unavailable, or is found unfit to perform duties, the Contractor shall provide a suitable replacement possessing equal or higher qualifications and experience within a maximum period of three (3) working days.
- The replacement Safety officer shall also be subject to prior approval by AIESL before being allowed to resume work on site.
- During any interim period, the contractor shall ensure temporary supervision is carried out by another qualified safety personnel to avoid any disruption in compliance.
- **The contractor shall also maintain a pre-approved backup list of qualified Safety Officers for emergency replacement. During any interim gap, a competent alternate must be deployed and documented.**

6. Non-Compliance and Penalty:

Failure to comply with the requirements mentioned above may attract the following actions at the discretion of AIESL:

- Immediate suspension of all work at height operations until compliance is achieved.
- Monetary penalties or deductions as specified in the contract or as decided by the Engineer-in-Charge for each day of non-compliance.
- Issuance of show-cause notice in case of repeated negligence or breach of safety norms.
- In the case of major violations or unsafe practices resulting in accidents, the contract may be terminated under relevant provisions of the General Conditions of Contract (GCC), and the contractor may be blacklisted from future tenders.
-

7. Indemnity Clause

The Contractor shall indemnify and hold AIESL harmless from and against any claims, liabilities, damages, or expenses arising due to non-compliance with the stipulated safety requirements during work at height.

AI ENGINEERING SERVICES LIMITED

OLD AIRPORT, SANTACRUZ (EAST), MUMBAI – 400 029

Tender No.: AIESL/MMD/EFD/PFD/01-05/178

DATE: 18.08.2025

Use of Ladders:

- All ladders shall be of sound construction and shall be free from patent defect.
- Ladders should be checked weekly and defective ladders shall be promptly and properly repaired or replaced.
- Ladders shall not be used as working platforms but may be used for work of short duration of up to thirty minutes.
- Metal ladders shall not be used near or adjacent to overhead power lines unless they have been certified dead under a permit to work system.
- Ladders shall be secured at the top or footed at the bottom to prevent slippage;
- Shall not be used if any rung is missing;
- Shall not be used for any other purpose than to provide access;
- Shall be set at an angle of seventy-five degrees unless designed for vertical access.
- all vertical ladders shall be fitted with hoops to prevent falls.

Safety Harnesses / Fall Arresters:

- Use of safety harnesses shall be considered wherever any work on height (2 meter or more) happening.
- Safety harnesses are used they should be of the full body double lanyard type and secure anchorage points shall be provided and used. Workers must be instructed in the proper use of harnesses.
- The Contractor shall ensure that no person engages in any activity, including organization, planning and supervision, in relation to work at height or work equipment for use in such work unless he is competent to do so or, if being trained, is being supervised by a competent person.
- The Contractor, in selecting work equipment for use in work at height, shall give collective protection measures priority over personal protection measures; and take account of:-
- The working conditions and the risks to the safety of persons at the place where the work equipment is to be used;
- In the case of work equipment for access and egress, the distance to be negotiated;
- The distance and consequences of a potential fall;
- The duration and frequency of use;
- The need for easy and timely evacuation and rescue in an emergency; and any additional risk posed by the use, installation or removal of that work equipment or by evacuation and rescue from it.

Requirements for collective safeguards for arresting falls:

- Collective safeguard is a safety net or airbag or other collective safeguard for arresting falls.
- Safeguard shall be used only if

SAFETY NORMS

The following norms are to be observed by the Contractor for the construction, installation, maintenance, repair, overhaul and erection jobs at the AIESL Premises.

As a part of the contract, contractor must satisfy the under mentioned safety requirement and must always ensure that these are followed without deviation:

Contractor should ensure in writing before starting job that their workers and Supervisor are trained and having adequate knowledge & experience of work and related safety precautions to follow.

Smoking is strictly prohibited in areas with combustibles or flammable and other areas where smoking are prohibited.

Any hot job (welding, soldering, gas, cutting etc.) however minor it may be or any job which involves open flame or using a hot source or temporary electrical connections shall not be done without prior hot work permission from Fire Officer-AIESL. Contractors are not permitted to carry out any hot work on holidays, Saturdays and Sundays or beyond AIESL normal working hours without AIESL-Supervision and prior permission in writing.

It is entirely contractor's responsibility to ensure that protective equipments such as safety belts, lifelines, helmets, Safety Shoes etc. depending on the jobs are issued & used by contract workmen. Contractor's supervisor shall be present at site all the time and ensure that these PPEs are used by workers. If contractor need any suggestion on the matter, contractor can approach EIC/Safety Officer-AIESL. Any lapse on matters of safety will be viewed seriously.

All equipment used to carry out work shall be rendered safe. No equipments such as ladders, tractors, cranes, etc. or welding sets or any tools which belong to the AIESL shall be used by contractor unless specifically mentioned in

writing in the terms of contract. Notwithstanding these it is obligatory on contractor's part, to verify the quality and safety aspects of such equipment, machinery or tools so that no injury or accident will occur when used in the expected manner. Any incident occurs during work, contractors are entirely responsible for it including compensation that may arise out of the incident.

Contractor must clearly bear in mind that a competent supervisor shall always be on site when contractor's men are at work. Lapse on this point shall be viewed seriously irrespective of occurrence of any incidents.

Contractor shall ensure that safety precautions expected of contractor's professional work are completely understood by contractor's supervisors and workers and that these are followed. Contractor shall also ensure that in every job that contractor must take cognizance of varying site conditions. Contractor's staff are completely knowledgeable about the hazards and dangers associated with the work for which due alertness and safe working methods shall be followed.

Site work is quite different from work in an organized workshop. Contractor shall bear this point in mind so that proper work methods to protect contractor's staff from any danger can be evolved.

Contractors are not permitted to carry out work within the premises of this AIESL which otherwise under conditions of contract are expected to be carried out in contractor's premises.

Contractor's materials which are flammable / combustible must under no circumstances be stored in any of our workshops or building or near aircraft. Contractor shall plan of temporary sheds so located that a fire in such a shed shall not involve any of the AIESL property. A Separate permission must be taken from Safety Officer-AIESL for it.

Supervisors and field staff may not be aware of the seriousness of consequences of going near aircraft under run-up. Contractors are responsible to see that out of curiosity and lack of awareness while going in a vehicle or otherwise people should not approach an aircraft under run-up.

Precautions During Welding

The contractor must ensure that welding machine is equipped with an earthing cable without joints.

Electrical supply to be tapped from power source identified by MSE-AIESL & connections must be firm to eliminate sparking. Circuit must be protected by fuse.

There should be no flammable material nor any spillage of such material in the locations of work spot.

There should be no joint in the phase side conductor cables.

If the welding is to be carried out in the vicinity of aircraft, separating, distance should not be less than 150 feet.

Welding job should not be carried out directly above or below the aircraft in the hangar.

The welding work carried out in workshop should be under the personal supervision of Engineering Facilities Division Supervisor. He will ensure that welding work is carried out in safe location & all flammable material are removed from the site

The said Supervisor should inform the related workshop / Section Incharge (eg. COD, AOD etc.) that the welding job is being be carried out.

The Contractor's staff must be appraised of the hazards of

- i) Being near to an engine under run-up and
- ii) Not following smoking restrictions.

The above should also be conveyed in writing to concerned contractor/supervisor before starting the job.

Additional Precautions & Instructions

The Contractor should ensure to arrange due supervision to avoid accident and cause of accident.

The Contractor must be careful regarding "SAFETY FIRST" during working and in AIESL premises.

Each hot job that may be carried out particularly beyond office hours or on Holidays must have prior concurrence from a responsible authority of the rank of not below Technical Officer from (EFD).

The Contractor must ensure provision of adequate firefighting capacity to deal with at incident state itself, such provision should not be less than 2-gallon foam extinguishers properly maintained by them. The staff should know the uses of the above-mentioned fire extinguishers.

Jobs will be carried out only after obtaining a daily work permit from the AIESL.

1. General:

- a. All workers to wear helmets at the construction site. To be provided by the contractor.
- b. All workers to wear safety shoes. To be provided by the contractor.
- c. All workers to wear suitable clothing for the job required e.g. Welders to have leather aprons while welding and gloves to protect from the heat. To be provided by the contractor.
- d. All workers to be familiarised by the contractor the safe methods of operating and procedures in case of an emergency.
- e. All workers to attend a class to be held by the Safety Engineer-AIESL to familiarise the safety aspects on site.
- f. All scaffolding to be used should be of steel pipes and with adjustable clamps. To be provided by the contractor.

- g. All workers must be covered under the workmen compensations act. A suitable insurance policy to be taken and original copy to be kept with AIESL. All statutory regulations etc. to be observed by the contractor, and in case of any non-compliance the AIESL must be indemnified by the contractor.
- h. Where applicable, provident fund records to be kept at site.
- i. All wage records to be kept at site and payments to be as per the minimum wages act.
- j. Working in green field sites poses a problem of snake bites. Snakes' serums to be kept at site. Refrigeration will be provided by AIESL, if needed.
- k. Chipping etc, to be done wearing protective eyeglasses.
- l. Various types of fire extinguishers to be used depending upon the nature of fire are available with EFD Fire Section. Contractor has to ensure that they position at site, suitable fire extinguisher type listed below, depending on nature of work.
 - 1. 1 No. of soda acid type for wood/paper type fires.
 - 2. 1 No. of dry powder type fire extinguishers.
 - 3. 1 No. of CO2 type fire extinguishers.
 - 4. Two buckets of sand/water, preferably sand.
- m. All unsafe incidents and occurrences will be reported to the site engineer immediately.

Working at heights:

- a. Contractor has to ensure that only workers capable of scaling heights should be deputed to do the jobs.
- b. All scaffolding to be made of steel pipes and with adjustable steel clamps. This should be tested and certified by the site supervisor of the contractor and AIESL site supervisor/Engineer to confirm the same. If possible, use A crow make scaffolding.

- c. Bamboo/wooden ladders to be checked for missing rungs and the fitness of the ladder should be certified by the AIESL engineer at site/ Safety Officer.
- d. All ladders to be tied at the top end, to prevent the slipping of ladders.
- e. All workers at height to wear nylon safety belts, as approved by AIESL. The other end of the belt to be hooked to a structural member of the building.
- f. While working on sloping roofs, nylon nets to be provided below to catch falling objects.
- g. Men working heights, should be provided with holsters for keeping hand tools for easy retrieval and will leave both hands free for climbing.
- h. As far as possible, mechanise the upward movement of materials, so that head load can be avoided.
- i. Daily height work permit approved by Executive/AGM/DGM from AIESL be obtained for working at heights before beginning of work.

Electricals

- a. All electrical equipment brought to site, should be checked by the factory/site electrical supervisory staff of the AIESL, for the suitability of the equipment and certified by them. These certificates should be prominently displayed on the equipment.
- b. All electrical equipment should have proper proper earthing.
- c. The distribution board to have an ELCB of 30 mA capacity to be provided for the hand tools circuits.
- d. All connections through the distribution board to be made with a plug and socket and no loose wires, with wooden splinters.
- e. All hand tools to be earthen.

- f. All welding equipment to be provided with a cutout switch. The welding cables should be of adequate length for the earthing of the job and usage of rods etc. is not permitted.
- g. All wires/cables to run only above ground level at a height of min. 2.5 m.
- h. All outdoor light fixtures left unattended for the night time work must be checked for water tightness.
- i. While working with operating equipment they should be disconnected electrically and the fuses to be handed over to the supervisor of AIESL for safe keeping.

Vehicular traffic: (Applicable to vehicle owned by the contractor)

- a. All vehicles delivering the goods must be driven by licenced driver.
 - b. Cleaners not to drive.
 - c. The vehicle must be in good condition.
 - d. Unsafe acts like carrying people on running boards etc should be avoided.
 - e. When outside vehicles come the contractor to ensure safe discharge of goods and send out immediately.
 - f. Wherever possible all heavy machinery and equipment to be unloaded using a crane, or a derrick.
-

OLD AIRPORT, SANTACRUZ (EAST), MUMBAI – 400 029

Tender No.: AIESL/BOM/MMD/EPD/PFD/01-05/178

DATE: 18.08.2025

❖ Payment Terms:

All payments to the successful bidder by AIESL for the services rendered by it shall be subject to the following compliances:

- No request for advance / pre-payment will be entertained.
- 90% of measured value of work shall be paid on satisfactory completion of work and submission of all required documents as per contract.
- 10% shall be retained as Security Deposit for Defects liability period. This amount can also be paid in lieu of a Bank Guarantee for same amount.
- Security deposit as 10% of billing amount will be deducted from each RA/ Final Bill. A bank guarantee for equal amount valid for Contract Period plus Defects Liability period is also acceptable in lieu of Deduction of Security Deposit.
- The Defects Liability period from the date of completion of work. AIESL will retain 10% of contract value as Security Deposit for this period. Contractor will carry out full repair or replacement for any defect / fault arising due to defective work or defective material during this period free of cost within 3 working days. The repaired / replaced items will carry additional warranty for 6 months.
- All interim and final bills will be submitted in duplicate along with 2 copies of duly signed Joint Measurement sheet for the work done.
- TDS/ taxes shall be deducted by AIESL from payment made against these invoices, as per the applicable laws.

❖ **Penalty Clause:**

- If the contractor fails to complete the job within the time frame shall be liable to pay the liquidated damage (LD)/penalty charges at the rate 0.5 % per week or part thereof the value of the job subject to maximum of 10% of the value of the undelivered or delayed services. This is to be recovered from the Security Deposit/ Performance Guarantee.
- There should normally be no system of waiver of LDs for delayed services in service/works contracts and it may strictly be an exception rather than a rule. For an extension of the delivery date with waiver of LD, approval of the CA with consultation of associated Finance may be taken and justifications recorded.
- **Penalty for Substandard / defective Quality / Short supply:** At the time of delivery / acceptance of the item / services if it is found that the items / goods / services so delivered are not as per the specifications given in the Contract / Purchase Order then AIESL reserves the right to reject the entire lot and get the entire quantity replaced free of cost by the bidder. The service is acceptable as per the specification provided in the tender and subject to quality control of the user department

❖ **Termination and Exit Clause:**

- In case of unsatisfactory performance or breach of any of the clauses of this contract, AIESL would issue a notice of 30 days to the party to rectify the breach and improve the performance failing which AIESL shall be at liberty to terminate this agreement by providing 30 days written notice to the party. The party shall not have any right to dispute or question the judgment of AIESL of the unsatisfactory performance of the party.
- Notwithstanding the above, AIESL shall also be at liberty to terminate this agreement for any reason including change in situation/circumstances, etc. by providing the party with 90 days written notice. The party shall also be at liberty to terminate this contract by providing AIESL with 90 days written notice. In such an event, the terminating party shall have no right to claim compensation/damages, etc. from the terminating party on account of early termination. However, the party shall duly comply with their respective obligations during the notice period and thereafter, shall discharge the obligations arising out of the agreement till the termination.

Estimate for Providing and erecting temporary tarpaulin weather shed to arrest water leakage at various locations at AIESL Engg. premises at OAP, Santacruz (East), Mumbai-29 for the year 2025-26.

Sr.no.	Description of Item	Quantity	Unit	Rate	Amount
1	Providing and laying temporary tarpaulin sheets of approved make and quality, with a minimum specification of 150 GSM or equivalent, as approved by the Engineer-In-Charge (EIC), at various locations such as RCC water tanks, parapet walls, terraces, or any other areas as directed by the EIC, and at any elevation on rental basis. The work includes all necessary fixing arrangements using nylon ropes, jute ropes, nails, screws, etc., to ensure proper anchoring of the sheets; providing and erecting scaffolding wherever required for support as well as for safe and effective access; arranging access tools such as ladders and equipment necessary for working at height; and strictly adhering to all safety protocols during execution. After the monsoon or as instructed, the tarpaulin sheets shall be removed, stacked, and stored at a location specified by the EIC. The site shall be cleared and any damage caused during the work shall be restored. The quoted rate shall include the cost of all labour, materials, tools, plants, equipment, transportation, and any incidental expenses required to complete the work in all respects as per the directions of the Engineer-In-Charge.				
a	Horizontal portion	22,150.00	Sq.mt		
b	Vertical/Inclined portion	2050.00	Sq.mt		
2	Carefully removing the tarpaulin sheets previously laid at various locations such as RCC water tanks, parapet walls, terraces, or any other areas as directed by the Engineer-In-Charge (EIC), and at any elevation (Quantity executed in item no. 01) . All fixing arrangements including nylon ropes, jute ropes, nails, screws, and other securing devices shall be safely detached without causing damage to the sheets, the structures, or adjoining surfaces. The removed tarpaulin sheets shall be removed & Any scaffolding, ladders, or access equipment used for removal shall be safely dismantled and taken off site. The contractor shall ensure that the site is thoroughly cleared of all debris, dismantled materials, and unused accessories, and shall restore any damage caused during removal to the satisfaction of the EIC. The rate quoted for removal shall include the cost of all labour, tools, plants, equipment, scaffolding dismantling, transportation, and all incidental expenses necessary to complete the work as directed. Note: Incase of damage to any surface or structure while execution of work, The contract has to carry out the repair and make the surface good.				
a	Horizontal portion	22,150.00	Sq.mt		
b	Vertical/Inclined portion	2050.00	Sq.mt		
3	Repair of existing tarpaulin sheets by replacing damaged tarpaulin sheet of approved make and quality, with a minimum specification of 150 GSM or equivalent, as approved by the Engineer-In-Charge (EIC), at various locations such as RCC water tanks, parapet walls, terraces, or any other areas as directed by the EIC, and at any elevation. This includes replacing damaged scaffolding & ropes in parts and patches or as and where required & re-aligning of bamboos. The work includes all necessary fixing arrangements using nylon ropes, jute ropes, nails, screws, etc., to ensure proper anchoring of the sheets; providing and erecting scaffolding wherever required for support as well as for safe and effective access; arranging access tools such as ladders and equipment necessary for working at height; and strictly adhering to all safety protocols during execution. The site shall be cleared and any damage caused during the work shall be restored. The quoted rate shall include the cost of all labour, materials, tools, plants, equipment, transportation, and any incidental expenses required to complete the work in all respects as per the directions of the Engineer-In-Charge.
